ORDER TERMINATING RESTRICTIONS

This matter came on for hearing before the Oklahoma Board of Medical Licensure and Supervision on November 8, 2012, at the Board office, 101 N.E. 51st Street, Oklahoma City, Oklahoma, pursuant to notice given as required by law and rules of the Board.

Applicant, Andrew Cooper John, M.D., holding Oklahoma medical license no. 12045, appeared in person and pro se.

The Board sitting *en banc* after hearing testimony, reviewing the request and other materials presented, and being fully apprised of the premises, made the following Findings of Fact, Conclusions of Law and Orders:

FINDINGS OF FACT

1. The Board *en banc* has jurisdiction over the subject matter herein, and notice has been given in all respects as required by law and the rules of the Board.

2. Dr. John currently holds **RESTRICTED** medical license no. 12045 under the following terms:

- A. His practice shall be limited to performing insurance examinations, e.g., workers' compensation examinations and independent medical examinations.
- B. He shall not be allowed to prescribe, order, dispense or administer any controlled dangerous substances without the prior express approval of the Board.
- C. He will execute a contract with PRP and will be subject to random drug testing and will continue with the PRP.

3. Dr. John's license was restricted on July 29, 2004.

4. Dr. John has requested that these restrictions be lifted so as to allow him to obtain Board Certification in Emergency Medicine; apply and sit for the examination for the American Board of Preventive Medicine in Occupational Medicine and apply for DEA and OBNDD registrations.

5. Obtaining these certifications and registrations will authorize Dr. John to write reports for the Workers' Compensation Court and the Multiple Injury Trust Fund. These certifications and registrations are necessary pursuant to the Workers' Compensation Court Rules in order to be placed on the Court Appointed Physician list of Independent Medical Examiners. Dr. John will not prescribe medicine.

6. Dr. John has complied to date in all respects with the terms of his restrictions, and the purposes of the restrictions have been accomplished. Dr. John has presented sufficient evidence to support the termination of his restrictions.

CONCLUSIONS OF LAW

1. The Board has jurisdiction to hear this matter pursuant to Okla. Stat. tit.59, §480 et seq.

2. Dr. John has presented satisfactory evidence to justify termination of the restrictions on his license. The purposes of the restrictions have been accomplished by Dr. John's compliance with the restrictions. No useful purpose would be gained by having Dr. John continue to practice under a restricted license.

ORDER

IT IS THEREFORE ORDERED by the Board of Medical Licensure and Supervision as follows:

1. Dr. John's *Motion for Modification of Board's Order Dated July 29, 2004,* to terminate his restrictions is **GRANTED** and his restrictions are terminated effective November 8, 2012.

2. A copy of this written order should be sent to Dr. John as soon as it is processed.

Dated this 35^{th} day of November, 2012.
