NOW ON this 18th day of November, 1994, there comes on for hearing before the Oklahoma Board of Medical Licensure and Supervision (the "Board") the above styled and numbered administrative action upon the Staff's application to reinstate terms of probation previously deleted from the Board's Final Order in this administrative action. The defendant appeared in person and agreed under oath to the reinstatement of the requested terms of probation, as more fully set forth below. And the Board, having heard the agreement of the defendant and the evidence presented by the Staff, makes the following Findings of Fact, Conclusions of Law, and Order.

FINDINGS OF FACT

1. The Board modified the terms of probation imposed against the defendant to delete the requirements that the defendant abstain from the consumption of alcohol or controlled dangerous substances which would adversely affect his ability to practice medicine and surgery and to submit biological fluid specimens for of the use or

consumption of alcohol or controlled dangerous substances. This modification was effective February 11, 1994.

2. The defendant was arrested for driving under the influence of alcohol on March 25, 1994, as a result of which the defendant tested in excess of 0.10 blood alcohol content.

CONCLUSIONS OF LAW

1. The Oklahoma Board of Medical Licensure and Supervision has jurisdiction in this matter by virtue of the provisions of the Oklahoma Medical Practice Act, 59 O.S.1991, §§ 481 et seq., as amended;

2. By virtue of the provisions of the Oklahoma Medical Practice Act, the Board has the power and jurisdiction to enforce the provisions of the Oklahoma Medical Practice Act as the Board deems necessary to protect the public health, safety and welfare.

3. Because of the actions of the defendant, it is appropriate to reinstate terms of probation previously deleted from the Order of the Board

ORDER

IT IS THEREFORE THE ORDER OF THE BOARD that the defendant, Gary Charles Hassmann, M.D. shall comply with the following terms of probation in addition to all others currently in effect:

1. During the period of probation the defendant will abstain from consuming alcohol or any substance, specifically including but not limited to controlled dangerous substances, which would adversely affect his ability to practice medicine and surgery with reasonable skill and safety.

2. During the period of probation the defendant will submit biological fluid specimens to include, but not limited to, blood and urine for analysis, upon request of any investigator or other agent representing the Board, and the defendant will pay for testing and analysis of

those specimens.

Done this 18th day of November, 1994.
