## ATTORNEY GENERAL OPINION 2016-105A

OKLAHOMA STATE BOARD OF MEDICAL LICENSURE & SUPERVISION

FEB 29 2016

Billy Stout, M.D., Board Secretary
State Board of Medical Licensure and Supervision
101 NE 51st Street
Oklahoma City, Oklahoma 73105 February 25, 2016

Dear Board Secretary Stout:

This office has received your request for a written Attorney General Opinion regarding agency action that the State Board of Medical Licensure and Supervision intends to take with respect to medical doctor licensee 23846. The proposed action is to accept the licensee's Surrender In Lieu Of Prosecution. The licensee admitted to misconduct involving, among other things, the use of habit-forming drugs and controlled dangerous substances.

The Oklahoma Allopathic Medical and Surgical Licensure and Supervision Act, 59 O.S.2011 & Supp.2015, §§ 480–518.1, authorizes the Board to accept a Surrender In Lieu Of Prosecution from licensees who admit to misconduct, 59 O.S.Supp.2015, § 509.1(E). The Act otherwise authorizes the Board to impose appropriate sanctions for unprofessional conduct. *Id.* § 503. Unprofessional conduct includes the "habitual use of habit-forming drugs," failing to keep accurate records concerning controlled dangerous substances, writing false prescriptions for controlled dangerous substances, prescribing drugs without adequate medical justification, and prescribing or dispensing controlled dangerous substances in excess of medical standards. 59 O.S.2011, § 509(4), (10)–(12), (16). Here, the licensee chose to make use of the Surrender In Lieu Of Prosecution procedure and admitted to misconduct involving the use of habit-forming drugs. The Board's acceptance of that decision thus accords with the Act.

It is, therefore, the official opinion of the Attorney General that the State Board of Medical Licensure and Supervision has adequate support for the conclusion that this action advances the State of Oklahoma's policy to ensure the adequate regulation of dangerous substances.

E. SCOTT PRUITT ATTORNEY GENERAL OF OKLAHOMA
