Dear Doctor Smith:

The Board of Medical Examiners, in regular session on August 28, 1976, took the following action:

***motion was duly made, seconded, and carried, that his probation, placed upon him on May 15, 1976, be removed, including all provisions thereto, on the condition that he not treat his wife, putting her under the care of another physician".

The Board also feels that you have been emotionally upset by their original action beyond what might be considered normal and would like to respectfully suggest that you secure psychiatric help.

It should also be pointed out to you that the Board, at no time, considered you an addict. And, further, that no word of your probation was given to anyone except the usual law enforcement agencies.

Sincerely

E. W. YOUNG, JR., M.D.
Secretary
