Dear Doctor Thiessen:

The State Board of Medical Examiners, in regular session September 9, 1977, took the following action:

" ***motion was duly made, seconded, and carried, that based upon the evidence of his testimony and other evidence which was presented, that he be cited by the Board for personal use and abuse and that we authorize the appropriate attorneys and investigators to investigate this complaint by the Board. As part of the citation, he will be required to submit to random blood and urine sample tests upon request of the Board Investigator and that he appear at the next regular meeting of the Board".

Sincerely,

H. B. TATE, M. D.
Secretary
