Re: Termination of Supervision

Dear Dr. Miller:

I'm happy to inform you that your period of supervision by the Oklahoma State Board of Medical Examiners expired effective 3-5-87. Public files regarding your practice have been amended to show cessation of supervision.

As a medical doctor, you continue to be subject to the Medical Practice Act as well as the rules and regulations of the Board. This includes providing information to Board inspectors for an annual post-supervision update for the Board which will occur approximately one year from now. We will be in contact with you on that point at a later date.

Please accept our thanks for your cooperation with the Board and its inspectors.

Sincerely

A handwritten signature in cursive script that reads "Michael Fairless".
