Dear Doctor Chesnut:

The Oklahoma State Board of Medical Examiners, in regular session on December 8, 1972, took the following action:

" \*\*\* motion was duly made, seconded, and carried, that he be placed on probation for a period of five (5) years with the provisions that he comply with the provisions of the Medical Practice Act and the Federal and State Drug Laws during the period of probation, and that he appear before the Board when directed to do so. Further provisions of the probation are that he immediately consult a Neurologist for his migraine headaches, that he keep copies of all controlled drug orders and prescriptions, plus those of Talwin, for review by the Board Inspector, and that he submit to periodic urine and blood specimen tests as required by the Board Inspector or any of the Board Members. Failure to comply with the provisions of the probation will result in the automatic revocation of his license to practice medicine and surgery in the State of Oklahoma".

Very truly yours,

(Miss) Betty J. Rogers
