Dear Doctor Chesnut:

Thank you for appearing before the Board in regular meeting on September 9, 1977.

After discussion, the Board voted unanimously to take the following action:

" \*\*\*the terms of his original probation be amended to include that he is to keep a daily log book of all injections given through his office, i.e., the name of the patient, the amount given, the date given, and that he purchase all injectible drugs, specifically including Talwin, through a central drug store; that he will be requested to bring this log book with him at the time of his next appearance before the Board, and it is to include the total amount of injectibles purchased. In addition, he is to submit to random blood and urine tests for drug screening at the request of the Board Inspector".

Sincerely,

H. B. TATE, M. D.  
Secretary
