STATE OF OKLAHOMA

STATE OF OKLAHOMA, ex rel,
STATE BOARD OF MEDICAL
EXAMINERS,

Plaintiff,

v.

RONALD RAY SANDERS, M.D.,
Medical License No. 8769,

Defendant.

RECEIVED

APR 22 1986

**STATE BOARD
MEDICAL EXAMINERS**

COMPLAINT OF CONTEMPT

COMES NOW D.C. Mosshart, Inspector for the Oklahoma Board of Medical Examiners, being first duly sworn upon oath and states:

1. That on or around May 24, 1985, Ronald Ray Sanders, M.D., holding Oklahoma Medical License No. 8769, received a Final Order from the Oklahoma Board of Medical Examiners which suspended his license for the practice of medicine and surgery during a term of in-patient and out-patient treatment recommended by Peachford Hospital, Atlanta, Georgia, with suspension to continue in force and effect until all treatment was completed and until the Defendant appeared before the Board of Medical Examiners or its designated representative.

That on or around August 12, 1985, Defendant, Ronald Ray Sanders, M.D., appeared in person before the Secretary of the Oklahoma Board of Medical Examiners and requested that the aforesaid suspension of his Medical License No. 8769 be set aside and terminated. Following consideration of all evidence, the Secretary did set aside and terminate the suspension of the Defendant's medical license and ruled further that Defendant, Ronald Ray Sanders, M.D., be allowed to practice medicine and surgery in Oklahoma under the terms and conditions set forth by the Board in its Order of May 24, 1985.

3. Said Order of May 24, 1985, provided in pertinent part of the terms and conditions of probation as follows, to-wit:

"a. Defendant will refrain from taking any scheduled drug or alcohol unless prescribed by an attending physician and the Defendant specifically has the responsibility to advise any attending physician of his history of prior alcohol use."

That on or around early April, 1986, the Defendant's system showed that he had ingested Benzodiazepines, Darvon and Hydroxyzine; that none of these agents were prescribed by any attending physician for the Defendant.

5. That the presence of said substances in the Defendant's urine indicates that he ingested same and that such substances would adversely affect his ability to practice medicine and surgery as interpreted by the Oklahoma State Board of Medical Examiners.

WHEREFORE, Complainant prays this Board to conduct a hearing and upon proof of the allegations contained herein that such disciplinary action be taken by the Board as is authorized by law.

D.C. MOSSHART, Inspector
State Board of Medical Examiners

Subscribed and sworn to before me this 22nd day of April, 1986.
